4-Year Old Julian Pavone, 'The World's Youngest Drummer', Now Also The World's Youngest Inventor!

(April 14, 2009)

BLOOMFIELD HILLS, Mich., April 14 /PRNewswire/ -- Julian Pavone, who at 20-months-old began to make worldwide headlines as a drummer, is now also the world's youngest inventor at age 4!

Julian's attorney, Robert Kelly, from the prestigious metropolitan Detroit law firm, Dickinson Wright PLLC, filed the application and received the patent for Julian's "Abracadabra" Stain Cover-Up. It can be used to cover clothing stains and touch up chipped paint on musical instruments and other items.

Bernadino Pavone, Julian's father, explained how his son came up with the ideas: "Julian accidentally made a mark on my T-shirt. He felt bad and wanted to 'fix it.' He used liquid paper to cover the mark and then waved his hand, saying 'Abracadabra.' Next, he designed the container to look like a bass drum and an applicator to look like a drumstick. Then he wanted to make different colors to fix everything."

Joe Davis, founder of Michigan-based Chelexa Design and Engineering LLC, is heading up the design and engineering of the invention. Julian is also working with the Sherwin-Williams company for guidance on color and technical issues in developing the system.

Julian is no stranger to the spotlight, having appeared on more than 100 [television](#) and news shows, including "The Oprah Winfrey Show", "Good Morning America", "Martha Stewart", "Inside [Edition](#)", "Good Company", "Japan TV", "The Maury Show", "FOX News Dayside", "MSNBC, WGN, and starred in a Korean Documentary. He plays a 22-piece custom drum set with 17 cymbals and has received worldwide media coverage with more than 7000 newspaper and magazine articles written about him.

He has also inspired a clothing line, a series of children's books, and the formation of Harmonie Network, a national entertainment company. He is currently working on his sophomore CD with four-time Grammy Award winning producer, Michael J. Powell and attends University Liggett School (Class of 2022).

Julian continues to be quite busy, recently participating in the first worldwide online talent contest for kids - The Golden Ribby Awards, created by WonderWorld Entertainment LLC, producer of the award-winning children's [television](#) series "Ribert & Robert's WonderWorld." The awards are a quarterly opportunity for talented kids across the country to showcase their gifts in music, comedy, dance, art, science, sports, and more.

Julian also finds time to give back to his community and was named Muscular Dystrophy Association's 2009 Michigan Honorary Goodwill Ambassador. He will perform at association events and will donate proceeds from his new fruit bar "Go Baby" to support this worthwhile cause.

While Julian's "Abracadabra" magically covers unwanted mistakes, he continues to make marks on this world that won't soon disappear.

TEN ONE DESIGN'S pogo sketch

When I heard about the Pogo sketch tool, I immediately thought that this could be the stylus that could

supplement my wacom tablet when I was using my Mac book remotely. I love my Wacom tablet and stylus and that I can fit into my briefcase easily, but the prospect of having a single stylus to scribble on my laptop's touchpad was alluring. [READ MORE](#)

Content Insider #117 - Mobile Contact Options

Just a couple of years ago if someone didn't have a mobile phone you wondered how he or she could survive. Then they got smart -- really smart -- and today your mobile phone is so much more. It's not just a phone, it is you! Leave it to Apple to mess up a perfectly staid industry. Now everyone wants in on the action. The clone war begins and the winners will require more than a few Jedi warriors.
