The Death of the PC

The days of paying for costly software upgrades are numbered. The PC will soon be obsolete. And *BusinessWeek* reports 70% of Americans are already using the technology that will replace it. Merrill Lynch calls it "a \$160 billion tsunami." Computing giants including IBM, Yahoo!, and Amazon are racing to be the first to cash in on this PC-killing revolution.

Yet, two little-known companies have a huge head start. Get their names in a free report from The Motley Fool called, "The Two Words Bill Gates Doesn't Want You to Hear..."
